## **CANYONING**

**Canyon Um Hamata** (from 984m above sea level to 805m; V3A1II; 20 belays).

del Vecchio- Lazarus

Very scenic, technically easy. Short belays apart from the last one (50m).

**Quser Canyon** (from 998m above sea level to 798m; V5A1III; 2 belays).

Horizontal length about 200m. Two belays of 20m and 150m, resp. It is the canyon with the longest belay in Jordan. Great environment, good technical skills required.
