

TABLE II
Type of Operation

State	Number of Searches	Number of Rescues	Number of Recoveries
Arizona	6	8	2
California	31	45	9
Colorado	29	14	4
Montana	2	1	0
Oregon	15	5	0
Washington	24	17	0
Wyoming	0	3	0
TOTAL	107	93	24

TABLE III
Operation Conducted For

State	Hunters-Fishermen	Aircraft	Climbers	Other
Arizona	0	0	5	11
California	33	0	17	35
Colorado	2	1	30	14
Montana	0	0	0	3
Oregon	4	1	4	11
Washington	7	10	19	14
Wyoming	0	0	3	0
TOTAL	46	12	78	88

Initial inquiry indicates that the bulk of "other" are hikers, and the reporting form will be revised to determine this. The vast amount of man-days expended in search efforts for missing aircraft is partially indicated by a comparison of man-days in Table I with number of aircraft operations shown in the above table. Proportionally more man-days are involved in downed-aircraft searches than in other types of search and rescue operations.
