

80-pound packs and followed the Durung Drum Glacier for ten miles. We climbed a fine peak of 18,500 feet on the divide between the Durung Drum and Prul glaciers. A few days later we crossed a col to an upper cirque glacier of the Prul basin. After two false starts, due to monsoon weather, we made a fine route on a peak marked P 6560 on the Japanese map. Unfortunately our altimeter read just 6000 meters (19,685 feet) on the summit. From the Pensi La we walked out through Zanskar, one of the remotest parts of Ladakh. This trek of 130 miles was the most interesting part of the whole trip. We reached Padam, the chief village of Zanskar, in three days from the pass. There we split up, Geoff returning to Kishtwar by the Umasi La and Rob and I making for Lahoul and Kulu by the Shingo La. Each journey took five days.

DESMOND RUBENS, *University of Edinburgh, Scotland*

Z8 and Z2, Zanskar Group, Ladakh. Our expedition consisted of my wife Silvia Metzeltin-Buscaini, Maurizio Gaetani, Lia Risari-Gaetani, Alda Nicora and me. We placed Base Camp at 13,775 feet on the Pensi La, southeast of Nun and Kun. On July 26 my wife, Gaetani and I made the first ascent of Z8 (19,850 feet) by its west-northwest ridge. The peak lies south of the Pensi La. On a five-day trip, my wife and I went west across a 17,225-foot pass from the Pensi Glacier to the Rumdum Glacier, up the latter to make on July 31 the first ascent of Z2 (20,260 feet) by its south ridge, and then back to Base Camp.

Pakistan

K2, Second Ascent. Thanks to previous expeditions, such as the Americans' and Italians', we were able to make the second ascent of K2 and we climbed on the strong shoulders of those predecessors. Also Dr. Charles Houston, Robert Bates, Fritz Wiessner and Adams Carter gave me much useful information. We sent two reconnaissance parties; in 1975 to find the most suitable route and in 1976 to reconnoiter the reportedly tried southeast ridge. Our 1977 expedition, under the auspices of the Japanese Mountaineering Association, consisted of 52 members, including me (73 years) as General Leader and Isao Shinkai as Leader. Ten were TV and movie cameramen. We invited three of the Alpine Club of Pakistan. Major Kamal Afzal Khan was our liaison officer and he prevented all porter problems. On May 26 we left Skardu with 15 tractors and 20 jeeps for Bahar. Our loads weighed 25 tons. Here we divided into three parties. These left on May 29, 31 and June 2 and reached Base Camp on June 11, 15 and 16 respectively. The oxygen came in later and arrived at Base Camp on June 21. We had 260 Japanese and eight French bottles. Camps were established as follows:
