Artificial Walls	2	0	2	0	0	0

¹This category includes bouldering, as well as artificial climbing walls, buildings, and so forth. These are also added to the count of each state and province, but not to the total count, though that error has been made in previous years.

²This figure reflects an addition of nine (9) to last year's total, to correct an error in recording only two (2) deaths for this state.

(Editor's Note: The Practice Cliffs category has been removed from the U.S. data and replaced with Artificial Walls.)
